

DAY 1 :

Jenkins version

```
ashwitha@Ashwitha:~$ jenkins --version
2.501
ashwitha@Ashwitha:~$
```

Java version

```
ashwitha@Ashwitha:~$ java -version
openjdk version "21.0.6" 2025-01-21
OpenJDK Runtime Environment (build 21.0.6+7-Ubuntu-122.04.1)
OpenJDK 64-Bit Server VM (build 21.0.6+7-Ubuntu-122.04.1, mixed mode, sharing)
```

The screenshot shows the Jenkins web interface. At the top, there's a header with the Jenkins logo, a search icon, a notification bell with a red dot, and a user profile 'Ashwitha S' with a 'log out' button. Below the header, a breadcrumb trail shows 'Dashboard > item1 >'. The main content area is divided into two columns. The left column contains a sidebar with links: 'Status' (highlighted), 'Changes', 'Workspace', 'Build Now', 'Configure', 'Delete Project', and 'Rename'. The right column shows the 'item1' job page. It has a green checkmark icon and the text 'item1'. There's a button 'Add description'. Below this, a section titled 'Permalinks' lists four links: 'Last build (#1), 27 min ago', 'Last stable build (#1), 27 min ago', 'Last successful build (#1), 27 min ago', and 'Last completed build (#1), 27 min ago'. At the bottom left, there's a 'Builds' section with a search filter and a table showing one build: '#1 11:46 AM' with a green status icon.

Welcome to nginx!

If you see this page, the nginx web server is successfully installed and working. Further configuration is required.

For online documentation and support please refer to nginx.org.
Commercial support is available at nginx.com.

Thank you for using nginx.
